

**ELK TOWNSHIP
COMMITTEE MEETING MINUTES
April 3, 2025**

The Regular Meeting of the Elk Township Committee was held on the above date in the Municipal Building. The meeting was called to order by Mayor Sammons at 7:02PM.

The Open Public Meeting Notice was read. The Salute to the Flag and invocation were recited in unison.

Present were: Mr. Cammarata, Mr. Lucas, Mr. Rambo, Mayor Sammons, Mr. Considine, CFO, Mrs. Pine, Township Clerk, Mr. Duffield, Solicitor, Mr. Bach and Mr. Nicholson, Engineers and Chief Hitzelberger. Mrs. Cowan was absent.

APPROVAL OF MINUTES of March 18, 2025 Work Session

Motion by Mr. Lucas, seconded by Mr. Cammarata to approve the minutes of the March 18, 2025 Work Session, all were in favor, motion carried.

COMMITTEE REPORTS

Mayor Sammons reported the Environmental Commission was looking to replace the parking bollards at the park.

POLICE CHIEF REPORT

Chief Hitzelberger reported the police department for the month of March 2025 received 1,480 calls for service, made 36 arrests, conducted 370 motor vehicle stops, issued 271 motor vehicle summonses, and held 41 radar posts. The department responded to 14 motor vehicle crashes with 3 injuries. There were 12 fire arms applications and 2 permits to carry received.

FIRE DEPARTMENT REPORT

Mr. Rambo read the fire company reports for the month of March. Ferrell Fire Company responded to 21 calls for service. No report was received from Aura Fire Company at this time.

ENGINEER'S REPORT

See Engineer's Report attached.

Mr. Rambo commented that if a Developer goes onto private property and removes trees, are there any repercussions.

Mr. Bach answered that every effort should be made to avoid cutting down other people's trees. He is sure there are repercussions for doing so, but that cannot be enforced at a local level.

PUBLIC PORTION on Agenda Items only.

Motion by Mr. Lucas to open the meeting to the public, seconded by Mr. Rambo, all were in favor, motion carried.

Mayor Sammons asked if anyone had any questions on agenda items to come forward, state your name and address, at this time.

There were no comments at this time.

Motion by Mr. Lucas to close the public portion, seconded by Mr. Cammarata, all were in favor, motion carried.

ORDINANCES:

ORDINANCE O – 7 – 2025

**ORDINANCE CREATING A NEW CHAPTER 53 ENTITLED "CHARGING STATION EMERGENCY SHUT-OFF FOR ELECTRIC VEHICLES" OF THE CODE OF THE TOWNSHIP OF ELK
PUBLIC HEARING**

Motion by Mr. Lucas, seconded by Mr. Rambo to open the public, all were in favor, motion carried. Mayor Sammons invited the public to speak if they have any questions concerning the Ordinance. No one came forward.

Motion by Mr. Cammarata seconded by Mr. Lucas to close the public portion, all were in favor, motion carried.

Motion by Mr. Cammarata, seconded by Mr. Lucas to adopt Ordinance O-7-2025, upon roll call motion carried.

**ORDINANCE O –11 – 2025
ORDINANCE AMENDING CHAPTER 97 OF THE CODE OF TOWNSHIP OF ELK ENTITLED
“VEHICLES AND TRAFFIC”
TITLE ONLY**

Motion by Mr. Lucas to approve Ordinance O-11-2025, seconded by Mr. Cammarata, upon roll call motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

**ORDINANCE O – 12 – 2025
AN ORDINANCE OF THE MAYOR AND COMMITTEE OF THE TOWNSHIP OF ELK, COUNTY OF
GLOUCESTER, STATE OF NEW JERSEY CREATING A NEW CHAPTER OF THE CODE OF THE
TOWNSHIP OF ELK ENTITLED “SOIL AND FILL IMPORTATION AND PLACEMENT”
TITLE ONLY**

Motion by Mr. Cammarata to approve Ordinance O-12-2025, seconded by Mr. Rambo, upon roll call motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

RESOLUTIONS:

**RESOLUTION R-57-2025
RESOLUTION ACCEPTING THE RETIREMENT LETTER FOR DEBORA PINE**

Motion by Mr. Lucas, seconded by Mr. Cammarata to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

**RESOLUTION R-58-2025
RESOLUTION APPROVING FARMLAND PRESERVATION APPLICATIONS FOR BLOCK 68, LOT
10, BLOCK 31, LOTS 9, 14.01 AND 20, BLOCK 28, LOT 15.01 AND BLOCK 33, LOT 12.13**

Motion by Mr. Lucas, seconded by Mr. Cammarata to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Abstain
	Mayor Sammons	Yes

RESOLUTION R-59-2025

RESOLUTION RECOGNIZING GIRL SCOUT TROOP NUMBER 671848

Motion by Mr. Lucas, seconded by Mr. Cammarata to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

Resolution was read by Mr. Rambo for the record. Troop Number 671848 then came forward to receive a copy of the Resolution and took a few pictures with Mr. Rambo.

RESOLUTION R-60-2025

RESOLUTION APPOINTMENT OF SERGEANT WITHIN THE ELK TOWNSHIP POLICE DEPARTMENT – STEPHEN M. SCHANNE

Motion by Mr. Lucas, seconded by Mr. Rambo to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

Sgt. Schanne was sworn in by Mr. Rambo with his father holding the bible.

RESOLUTION R-K-9-2025

RESOLUTION APPOINTMENT OF K-9 OFFICER WITHIN THE ELK TOWNSHIP POLICE DEPARTMENT – RIP SCHANNE

Motion by Mr. Rambo, seconded by Mr. Cammarata to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

Rip was sworn in by Mr. Rambo with Sgt. Schanne holding his leash. Rip acknowledged his oath of office with a bark.

RESOLUTION R-61-2025

RESOLUTION APPOINTMENT OF SERGEANT WITHIN THE ELK TOWNSHIP POLICE DEPARTMENT – JOHN D HENNELLY

Motion by Mr. Rambo, seconded by Mr. Lucas to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

Sgt. Hennelly was sworn in by Mr. Rambo with his fiancée Graycee Garron holding the bible.

RESOLUTION R-62-2025

AWARDING CONTRACT TO LANDBERG CONSTRUCTION LLC FOR THE FY 2024 NJDCA LOCAL RECREATIONAL IMPROVEMENT GRANT FOR THE SPORTS COURTS RECONSTRUCTION

Motion by Mr. Lucas, seconded by Mr. Rambo to adopt and approve said Resolution, upon roll call, motion carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes

Mayor Sammons

Yes

GLOUCESTER COUNTY REPRESENTATIVE – James Schmidt was present if there were any questions or concerns for the county. There were no questions.

PURSUANT TO RESOLUTION R-26-2025
THERE IS A TIME LIMIT OF 3 MINUTES PER PERSON DURING THE PUBLIC PORTION

PUBLIC PORTION:

Motion by Mr. Lucas to open the meeting to the public, seconded by Mr. Cammarata, all were in favor, motion carried.

Mayor Sammons asked if anyone had any questions or comments or an issue they would like to bring to the township committee’s attention to come forward at this time, state your name and address.

No one came forward.

Motion by Mr. Lucas to close the public portion, seconded by Mr. Cammarata, all were in favor, motion carried.

Mayor Sammons reminded everyone that the Egg Hunt will be held on Saturday, April 5th in the Recreation Park with a rain date of April 12th. The Hunt will begin at 10AM.

PAY BILLS:

Motion by Mr. Lucas to Pay the Bills, seconded by Mr. Cammarata, upon roll call, motion was carried.

Roll Call:	Mr. Cammarata	Yes
	Mr. Lucas	Yes
	Mr. Rambo	Yes
	Mayor Sammons	Yes

Motion by Mr. Rambo to adjourn, seconded by Mr. Lucas, all were in favor, the meeting was adjourned at 7:29 PM.

Respectfully Submitted,

Debora R. Pine, RMC, CMC
Township Clerk

Tim Pine
Deputy Clerk

ENGINEER'S STATUS REPORT
Township of Elk
April 2025

ET2023-3 Resurfacing of Moods Road Phase – III

Update:

- Final change order was approved, and final payment has been completed.
- Our office is working with NJDOT for the final reimbursement to the Township.

Previously Reported:

- NJDOT has performed a final inspection. It is noted that no corrective action is required.
- Our office is waiting for final change order approval from NJDOT.

ET2023-4 Improvements to Christian Street

Update:

- All punchlist items have been completed.

Previously Reported:

- NJDOT has performed a final inspection. It is noted that one punch list item still needs to be addressed, and the contractor has been informed.
- Our office is waiting for final change order approval from NJDOT.

ET2024-1 Reconstruction of Laux Road & Pine Tavern Road

Update:

- Our office has scheduled a preconstruction meeting for April 10, 2025.
- Contract documents have been executed by the contractor.

Previously Reported:

- The bid opening was held on February 12, 2025. The low bidder was Earle Asphalt Company in the amount of \$183,413.¹³ for the base bid. Contract was awarded to Earle Asphalt Company on February 18, 2025.

ENGINEER'S STATUS REPORT

Township of Elk

April 2025

- Our office is working with Contractor to get all contract documents signed. Once contracts have been executed by all parties, a preconstruction meeting will be scheduled.

ET2024-5 Elk Township Sports Courts Reconstruction

Update:

- The bid opening has held on March 26, 2025. The low bidder was Landberg Construction LLC, in the amount of \$90,472.30.
- The above exceeds the grant amount allocated for construction. Our office issued a letter to the Township for the amount the Township would need to contribute for the completion of the entirety of the project.

Previously Reported:

- Our office has completed bid documents, plans, and specifications and is coordinating for public bid.

NJDEP Municipal Stormwater Regulatory Unit – Stormwater Tier Reassignment, Tier B to Tier A

Update:

- Our office is revising the 2024 MSRP Annual Report per the Stormwater Coordinator review comments.

Previously Reported:

- Our office has submitted a draft 2024 MSRP Annual Report to the Stormwater Coordinator for review.
- Our office submitted the revised Stormwater Pollution Prevention Plan on February 5, 2025.

ETI2025-8 Silvergate Phase 1 & 3

Update:

- Our office held a preconstruction meeting on April 2, 2025.

ETI2025-9 Jeffrey & Samantha Jones – 105 Railroad Ave

Update:

- Our office has received and reviewed the Lot Grading Plan for Block 36, Lot 9.02. Deficiencies were noted, and the applicant was advised the same.

ORDINANCE O – 7 – 2025

AN ORDINANCE OF THE MAYOR AND COMMITTEE OF TOWNSHIP OF ELK,
COUNTY OF GLOUCESTER, STATE OF NEW JERSEY CREATING A NEW CHAPTER 53
ENTITLED “CHARGING STATION EMERGENCY SHUT-OFF FOR ELECTRIC
VEHICLES” OF THE CODE OF THE TOWNSHIP OF ELK

WHEREAS, it is in the public's interest for the Township of Elk to establish standards for electric vehicle charging station emergency shut-offs throughout the municipality; and

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, and it is hereby enacted and ordained by the authority of same that the Code of the Township of Elk is hereby amended, by adoption of this Ordinance, to create a new Chapter 53 of the Code of the Township of Elk entitled “Charging Station Emergency Shut-Off for Electric Vehicles” as set forth below:

CHAPTER 53 Charging Station Emergency Shut-Off for Electric Vehicles.

§53-1 Purpose.

The purpose of this Chapter is to establish regulations for the installation and maintenance of emergency shut-off mechanisms at electric vehicle charging stations within the Township. This Chapter aims to protect the safety of emergency responders and the general public during emergency situations involving electric vehicles. The requirements of this Chapter do not apply to a charging station installed at a residential home.

§53-2 Definitions.

Electric Vehicle (EV): A vehicle that is powered by an electric motor and uses rechargeable batteries.

Charging Station (EVCS): A location equipped with the necessary infrastructure to charge electric vehicles.

Emergency Shut-Off Mechanism: A device that allows for the immediate disconnection of power to an electric vehicle charging station in case of an emergency.

§53-3 Requirements for Charging Stations.

- A. **Installation of Emergency Shut-Offs:** All new and existing electric vehicle charging stations within the Township must be equipped with an accessible emergency shut-off mechanism.
- B. **Location of Shut-Offs:** An emergency disconnect device shall be approved by the Township's Fire Code Official and shall be installed a minimum of 25 feet from the EVCS. It shall shut off all electrical power to the associated EVCS(s).
- C. **Sign:** Each charging station must display clear signage indicating the location of the emergency shut-off device. The emergency disconnect switch shall contain a readily legible sign that provides “Fire Department Use Only - Electric Vehicle Charger Shut-off.”
- D. **An Emergency Disconnect:** A KNOX Remote Power Box or similar power disconnect device approved by the Fire Code Official is the preferred method for disconnecting the power.

§53-4 Maintenance and Inspection.

- A. **Regular Inspections:** The Township will conduct regular inspections of all electric vehicle charging stations to ensure compliance with this Chapter.
- B. **Maintenance Responsibility:** The owner or operator of the charging station is responsible for the maintenance and functionality of the emergency shut-off device. Any malfunctioning device must be repaired and reported to the Township within 24 hours.

§53-5 Penalties and Enforcement.

- A. **Penalties for Non-Compliance:** Any violation of this Chapter shall be punishable by a fine not to exceed \$100 per day for each violation. Each day that a violation exists shall be deemed a separate violation.
- B. **Reporting Violations:** Any individual may report violations of this Chapter to the Township authorities for investigation and enforcement.

Severability.

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

Repealer.

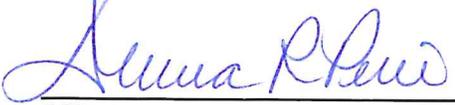

All prior Ordinances or parts of Ordinances inconsistent with this Ordinance be and the same are hereby repealed to the extent of such inconsistencies.

When effective.

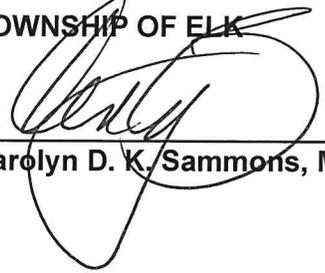

This Ordinance shall take effect immediately upon final passage and publication in accordance with law.

NOTICE

The Ordinance published herein was introduced and passed upon first reading at a meeting of the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, held on March 6, 2025. It will be further considered for final passage, after public hearing hereon, at a meeting of said Mayor and Committee to be held in the Township Municipal Building on April 3, 2025, at 7:00 P.M. During the week prior and up to and including the date of such meeting, copies of said Ordinance will be made available at the Clerk's office at the said Municipal Building, 680 Whig Lane, Monroeville, New Jersey, to the members of the general public who shall request the same.

DEBORA R. PINE, CLERK

ORDINANCE O – 11 – 2025
AN ORDINANCE OF THE MAYOR AND COMMITTEE OF THE TOWNSHIP OF ELK, COUNTY
OF GLOUCESTER, STATE OF NEW JERSEY.
AN ORDINANCE AMENDING CHAPTER 97 OF THE CODE OF THE TOWNSHIP OF ELK
ENTITLED "VEHICLES AND TRAFFIC"

WHEREAS, the Elk Township Police Department recommend that parking be prohibited along both sides the entire length of County Route 623 (Clems Run) and County Route 610 and 619 (Whig Lane) located in Elk Township; and

WHEREAS, the Mayor and Committee of the Township of Elk have determined that certain amendments to Chapter 97 entitled "Vehicles and Traffic" are necessary for the safety of the residents of Elk Township; and

WHEREAS, in all other respects Chapter 97 entitled "Vehicles and Traffic" shall remain in full force and effect;

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, and it is hereby enacted and ordained by the authority of same as follows:

Section 1.

97-16 entitled "Locations established" of Article XI entitled "No Parking" shall be amended to add the following text:

<u>Name of Street</u>	<u>Side</u>	<u>Location</u>
<u>County Route No. 623 (Clems Run Road)</u>	<u>Both</u>	<u>Beginning at Whig Lane Intersection (County Route No. 619) to Elk Township / Harrison Township Border.</u>
<u>County Route 610 and 619 (Whig Lane)</u>	<u>Both</u>	<u>Beginning at the Elk Township / Clayton Borough Border to the Gloucester County / Salem County Border.</u>

Section 2.
Severability.

Should any section, clause, sentence, phrase or provision of this Ordinance be declared unconstitutional or invalid by a Court of competent jurisdiction, such decision shall not affect the remaining portions of this Ordinance.

Section 3.
Repealer

⋮

All prior Ordinances or parts of Ordinances inconsistent with this Ordinance be and the same are hereby repealed to the extent of such inconsistencies.

Section 4.

In all other respects, Chapter 97 entitled "Vehicles and Traffic" shall remain in full force and effect.

Section 5.

When effective.

This Ordinance shall take effect immediately upon final passage and publication in accordance with law.

NOTICE

The Ordinance published herein was introduced and passed upon first reading at a meeting of the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, held on April 3, 2025. It will be further considered for final passage, after public hearing hereon, at a meeting of said Mayor and Committee to be held in the Township Municipal Building on May 1, 2025, at 7:00 P.M. During the week prior and up to and including the date of such meeting, copies of said Ordinance will be made available at the Clerk's office at the said Municipal Building, 680 Whig Lane, Monroeville, New Jersey, to the members of the general public who shall request the same.

DEBORA R. PINE, TOWNSHIP CLERK

ORDINANCE O – 12 – 2025

AN ORDINANCE OF THE MAYOR AND COMMITTEE OF THE TOWNSHIP OF ELK, COUNTY OF GLOUCESTER, STATE OF NEW JERSEY CREATING A NEW CHAPTER OF THE CODE OF THE TOWNSHIP OF ELK ENTITLED “SOIL AND FILL IMPORTATION AND PLACEMENT”

WHEREAS, the Mayor and Committee of the Township of Elk deem it in the best interest of the Township to establish a new Chapter of the Code of the Township of Elk entitled “Soil and Fill Importation and Placement”.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, and it is hereby enacted and ordained by the authority of same as follows:

Section 1. This Ordinance creates a new Chapter “83A” of the Township of Elk Code as follows:

Chapter 83A. Soil and Fill Importation and Placement

§ 83A-1. Purpose.

- A. The purpose of this Chapter is to protect the health, safety and welfare of persons and property within Elk Township by requiring licensing which seeks to ensure the proper operation, procedures, future development and safeguards involving all soil and fill importation and placement activities within the Township.

- B. Additionally, the Township Committee has determined that development of property without appropriate regard to grading and drainage can cause adverse conditions on neighboring properties, including public roads and rights-of-way due to flooding caused by water runoff. The New Jersey Department of Environmental Protection (NJDEP) Site Remediation Program (SRP) fill guidance is applicable to only those sites with defined areas of concern (AOCs), thereby leaving all other properties outside of the SRP with no guiding authority or oversight other than the Township; and any placement of material within SRP sites can be performed with little or no regard to future development activities. Accordingly, the Township has a reasonable basis and concern to ensure that the importation of fill material, the placement of fill material, and/or the relocation of fill material into or within the Township be of clean and sound quality, free of contaminants and/or be consistent with any potential future development activities in order to protect the health, safety and welfare of the public.

§ 83A-2. Definitions.

As used in this Chapter, the following terms shall have the meanings indicated:

DEVELOPMENT

The construction, reconstruction or relocation of any structure; land regrading or disturbance of 5,000 square feet or more; and/or any subdivision of land classified as a major subdivision by the Elk Township Combined Planning and Zoning Board.

LICENSE

A permit approval issued by the Elk Township Committee.

PERSON

The legal or beneficial owner or owners of a lot or any land proposed to be included in a soil or fill importation or placement operation, including the holder of an option or contract to purchase, or other person with an enforceable proprietary interest in such land and the explicit right to apply for and/or conduct the activities described in this Chapter.

SOIL AND FILL

Whether used separately or together, include both surface (or top) soil and subsoil, and shall include dirt, stone, gravel, sand, humus, clay, loam, rock, limonite, mixtures of any of these and all items included in the NJDEP SRP Alternate and Clean Fill Guidance for SRP Sites dated December 29, 2011 (Version 2.0) and any subsequent addendum, which is incorporated herein by reference.

§ 83A-3. Permit requirements.

- A. Permit required. No person shall import or relocate soil and/or fill within the Township in an aggregate quantity in excess of 2,500 cubic yards during any three-hundred-sixty-five-day period without obtaining a soils permit from the Township Committee.
- B. Annual renewal required. A permit obtained pursuant to this Chapter shall expire one year after the date issued. A person holding an expiring license who intends to continue operations past the date of expiration must complete a renewal application in a timely manner so as to ensure that no lapse occurs. Each day of such a lapse may incur penalties pursuant to § 83A-21.
- C. New operations. Any person(s) seeking to initiate new soil or fill operations, to be established after the effective date of this Chapter within any area of the Township must first secure a permit pursuant to the provisions of this Chapter before beginning operations.
- D. Preexisting operations. Any person(s) conducting a soil or fill operation already lawfully in operation prior to the effective date of the ordinance codified in this Chapter may continue such operation, subject to the following conditions:
 - (1) The limits of any preexisting operation shall end at least 200 feet from any property line. Preexisting operations less than 200 feet from any property line shall not be extended farther unless approved by Committee in accordance with this Chapter.
 - (2) Such person(s) must submit an initial application for a license pursuant to § 83A-4.

§ 83A-4. Permit application.

- A. Application form. Applications for a permit to import soil or fill shall be filed with the Township Clerk on forms supplied by the Township in accordance with the procedures hereinafter set forth. The Clerk shall forward the application to the Township Engineer. The Township Engineer shall determine the completeness of the application. Failure to submit a complete application shall not extend the deadline for submission of an application required by this Chapter.
- B. New operation prohibited until licensed. Persons seeking a license for a new soil or fill activity not active and in existence on the effective date of this Chapter shall not commence such operation until a license has been issued in accordance with this Chapter.

- C. Preexisting operations temporarily permitted. Person(s) conducting soil or fill operations on the effective date of the ordinance codified in this Chapter shall submit initial applications on or before 90 days from the effective date of this Chapter in accordance with the procedures hereinafter set forth. The Township Committee, for good cause shown by the applicant, may grant one 45-day extension to this deadline. Preexisting operations may continue except as proscribed by this Chapter.
- D. Processing deadlines, general. Within 45 days of the date of submission of a complete application, the Township Engineer shall review the application in accordance with the procedures established in this Chapter and submit his/her findings to the Township Committee. Committee shall then decide whether to issue the permit on or before the second regular Committee meeting after submission of the findings by the Township Engineer.

§ 83A-5. Permit fee; expiration date.

- A. Permit fee. The annual permit fee shall be \$500 per acre of land proposed to be disturbed for fill moving within one property, between contiguous properties and/or properties of common ownership and/or control; or \$1 per cubic yard for material imported into the Township, to be paid upon submission of the initial application and any annual renewal application. Any estimates used for calculating fees shall be subject to an annual audit for reconciliation. No subsequent annual permits shall be issued until all prior fees have been paid.
- B. Expiration date of license. The license shall expire one year after the date of issuance.

§ 83A-6. Application requirements.

The Elk Township Committee shall not consider any application for a permit for soil and fill operations unless the applicant has deposited with the Township Clerk initial escrow moneys in the amount of \$5,000 for engineering, legal and other costs generated by an application and filed with the Township Clerk an application requesting such license. A minimum escrow balance of \$1,500 shall be maintained. The application shall include the following information and shall be accompanied by a map or maps which indicate the following:

- A. Certification that current taxes have been paid for the premises.
- B. The boundary lines of the whole tract of land within which the proposed soil or earth importation will take place.
- C. The limits and boundaries of the proposed work area, showing the location of markers or monuments set on or in the ground to define said limits.
- D. A United States Geological Survey quadrangle map showing the dimensions of the property and an area of at least 1,000 feet beyond such boundary in all directions.
- E. The lot and block numbers of the subject parcel and all adjoining land as shown on the Official Tax Map and an identification of the owners thereof.
- F. The existence of a permanently established benchmark or benchmarks approved by the Township Engineer, for which there has been established vertical and horizontal control based on the New Jersey plane coordinate system and National Geodetic Vertical Datum.
- G. The existing contour lines and grades and proposed contour lines and finished grades for the entire proposed work area; contour lines should normally be at one-foot intervals.

- H. The location of all existing and proposed streets and rights-of-way, excluding those included within the area to be mined.
- I. The location of all points of ingress and egress to the tract of land.
- J. The location of all streams, wetlands, and significant vegetation, forest associations and wildlife habitats.
- K. A soils map.
- L. A soil/fill reclamation plan which includes:
 - (1) Method of stockpiling topsoil and overburden.
 - (2) Proposed grading and final elevations.
 - (3) Topsoil material application and preparation.
 - (4) Type, quantity and age of vegetation to be used.
 - (5) Fertilizer application including method and rates.
 - (6) Planting method and schedules.
 - (7) Maintenance requirements schedule.
- M. Provision for the control of stormwater runoff from the work area as required by Chapter 86 of the Code of the Township of Elk; the applicant should give consideration to the need for detention and/or retention and/or sedimentation basins so as to minimize possible adverse conditions resulting from uncontrolled runoff and sedimentation.
- N. An erosion and sediment control plan that has been approved by the Gloucester County Soil Conservation Service.
- O. Description and details of proposed rehabilitation, stabilization and reforestation of the proposed work area.
- P. The intended use of the work area subsequent to completion of the excavation.
- Q. An agreement that the applicant agrees to indemnify the Township, its officers, employees and agents harmless from any and all costs, by reason of any work performed under said permit. The acceptance of any permit under this Chapter shall constitute such an agreement by the applicant.
- R. Description and details of proposed safety measures to be taken during operations to eliminate unsafe and hazardous conditions, extensive erosion and ponding of water.
- S. The location of all existing structures, buildings and/or dwellings within 300 feet of the property line; proof of receipt of written notification of the application by each of the landowners and/or occupants within 300 feet shall be attached to the application.
- T. A study showing the effect, if any, that the proposed work will have on the elevation, movement, quantity or quality of groundwater and/or surface water within the Township, or affecting adjacent property owners.

- U. Written consent of the owner of the premises containing the proposed work area, if the owner is other than the applicant.
- V. The appropriate fees required by this Chapter.
- W. An environmental impact statement, in triplicate, signed and sealed by a New Jersey licensed engineer or a New Jersey licensed professional planner, which shall include at a minimum all considerations and elements contained in the attachment to Executive Order No. 215 of 1989 (Guidelines for the Preparation of an Environmental Impact Statement/Environmental Assessment, revised and updated — 4/23/2002), and as subsequently revised and amended.
- X. Soil importation donor site details consistent with NJDEP Site Remediation and Waste Management Program, Fill Material Guidance for SRP Sites dated October 2021 (Version 4.0), and as subsequently revised and amended.
- Y. For sites zoned for or proposing residential development, a complete site plan indicating the location, volume, contaminant loading, height and/or depth of fill material.

§ 83A-7. Placement and disturbance standards.

An application shall be approved only if the applicant can demonstrate that the proposed operation:

- A. Is designed so that no area of excavation, sedimentation pond, storage area, equipment or machinery or other structure or facility is closer than 200 feet to any property line, unless the applicant demonstrates that a distance between 100 and 200 feet shall not result in adverse off-site environmental impacts.
- B. Provides that all topsoil that is necessary for restoration will be stored on the site but not within 200 feet of any property line unless the area proposed for storage is unforested and shall be restored; and that the topsoil will be protected from wind and water erosion.
- C. Is fenced or blocked so as to prevent unauthorized entry into the operation through access roads.
- D. Provides ingress and egress to the operation from public roads by way of washed gravel driveways to minimize sediment transport onto public roads.
- E. Is designed so that surface runoff shall be maintained on the parcel in a manner that shall provide for on-site recharge to groundwater.
- F. Will not involve excavation below the seasonal high-water table, unless the excavation will serve as a recreational or wildlife resource or a water reservoir for public, agricultural or industrial uses or for any other use authorized in the area in which the site is located, provided that in no case shall excavation have a depth exceeding 40 feet below the natural surface of the ground existing prior to excavation unless it can be demonstrated that a depth greater than 40 feet shall result in no significant adverse impact relative to the proposed final use or to off-site areas.
- G. Will be carried out in accordance with a deposition schedule which depicts the anticipated sequence, as well as anticipated length of time that each parcel or portion of a parcel proposed for deposition shall be worked.
- H. Will involve restoration of disturbed areas at the completion of the operation in accordance with §83A-20, and the implementation of the restoration plan is secured by a performance guaranty.
- I. Will not involve unreclaimed clearing of land exceeding 100 acres or 50% of the area to be mined, whichever is less, for surface excavation at any time.

- J. Will not involve fill within the floodplain unless specifically approved by the New Jersey Department of Environmental Protection (NJDEP) with the appropriate land use approvals.

§ 83A-8. Factors considered in granting permit.

- A. Factors to be considered. The Township Committee in considering and reviewing the application and in arriving at its decision shall be guided by and take into consideration the public health, safety and general welfare, and particular consideration shall be given to the following factors:
 - (1) Soil erosion by water and wind.
 - (2) Drainage.
 - (3) Soil fertility.
 - (4) Lateral support slopes and grades of abutting streets and ramps.
 - (5) Land values and proposed uses.
 - (6) Zoning classification and the zoning plan.
 - (7) Impact on quality of groundwater and/or surface water.
 - (8) Such other factors as may bear upon or relate to the coordinated, adjusted and harmonious physical development of the Township.
 - (9) The comments and recommendations of the Township Engineer.
- B. Granting of permit. If, after examining the application and the information, maps, plans and data required by §83A-6 and §83A-7, the Township Committee shall be of the opinion that the proposed soil or fill importation and/or placement will not create conditions inimical to the public health, welfare and safety, including those that may be affected by future development, and shall not result in the creation of any sharp declivities, pits or depressions, soil erosion or fertility problems, depressed land values, nor create any drainage, sewerage problems, lowered groundwater or other conditions of danger, a permit may be issued. The Township Committee may impose additional conditions as it may see fit to insure that the purposes of this Chapter shall be satisfied.

§ 83A-9. Rejection of application; hearing.

Should the Township Committee reject the application, applicant may request a hearing by making written request to the Township Committee, which hearing shall be held within 30 days after the first Township Committee meeting at which the request was received.

§ 83A-10. Prior recommendation of Township Engineer.

Any application for a permit for soil or fill activities pursuant to this Chapter shall be reviewed and recommended for approval by the Township Engineer prior to the issuance of such permit.

§ 83A-11. Performance guaranty.

Before any permit for soil or fill activities shall be issued, the owner or applicant shall file with the Township Clerk for approval by the Township Committee a performance guaranty in a form permitted by N.J.S.A. 40:55D-53 of the Municipal Land Use Law. The form and content of such guaranty shall be reviewed and approved by the Township Attorney and shall be in such amount as in the opinion of the

Township Engineer shall be sufficient to ensure the faithful performance of the work to be undertaken pursuant to this Chapter. Ten percent (10%) of the guarantee amount shall be posted in cash. The minimum amount of such guarantee shall be the greater of \$5,000 per acre of potential disturbance or \$5 per cubic yard of imported material as indicated in the applicant's submission documents unless otherwise calculated by the Township Engineer.

§ 83A-12. Renewal of permit.

- A. Any permit under this Chapter shall be renewed annually under the following conditions:
- (1) If the appropriate annual fee for such license is tendered with the application.
 - (2) If the applicant has not permitted or suffered a condition which would violate this Chapter to go uncorrected.
 - (3) If the applicant submits the information maps, plans and data as described in § 83A-6 and §83A-7. Said maps should reflect the proposed changes in elevation and other topography as a result of the soil or earth importation during the renewal period.
 - (4) If the applicant has complied with the requirements of this Chapter relating to grading, seeding and reforestation of the area of the site where modification has taken place.
 - (5) If all current taxes on the site for which license renewal is sought have been paid.
 - (6) If the applicant is not in violation of any state, county or municipal law, ordinance or health regulation as a result of any activity or operation under this Chapter.
 - (7) If the applicant is in compliance with the requirements for insurance under § 83A-13.
 - (8) If the applicant is in compliance with the requirements for a performance guaranty under § 83A-11.
 - (9) If all fees and charges due the Township as a result of operations by the applicant under this Chapter have been paid.
- B. Time for renewal application. An applicant for renewal of a license hereunder shall make application for renewal sufficiently prior to the expiration of the then current license, but in no case less than 60 days prior thereto, to permit necessary consideration of the application, supporting documents and necessary inspection to allow issuance of the renewal license on or before the expiration of the then current license. Renewal applications shall be referred to the Township Engineer, who shall submit his findings to the Township Committee at least 14 days prior to the renewal date.

§ 83A-13. Insurance.

- A. Amount required. An original application for a license under this Chapter shall be accompanied by a certificate of public liability insurance reflecting the issuance of a policy of public liability insurance to the applicant, wherein the Township is named as coinsured for damages arising out of any activity of the applicant under a license issued under this Chapter, in an amount not less than \$500,000/\$1,000,000 for death or bodily injury; \$100,000/\$250,000 for property damage; and \$5,000,000 pollution liability if alternate fill is to be imported and/or utilized on the site.
- B. Certificate required. No renewal license shall be issued unless and until the applicant files with the Township Clerk a certificate reflecting continued or renewed public liability insurance in the amount specified in Subsection A above.

§ 83A-14. Enforcement and inspection.

For purposes of enforcing this Chapter, the Township Engineer is designated as the enforcing officer. It shall be the duty of the Township Engineer to make physical inspections in connection with any application for a permit or renewal permit hereunder and, in addition, at least one other physical inspection at an interval of approximately three months following approval of the application. It is an express condition of any permit granted pursuant to this Chapter that the enforcing officer be permitted unlimited and unconditional access to the operation and any fill source locations at any time.

§ 83A-15. Prohibited activities.

A. No license shall be granted which will permit a licensee to, and no licensee shall:

- (1) Place or disturb any soil or fill unless and until the owners of the lands on which the soil or earth is proposed to be removed has signed a written consent thereto and has filed the same with the Township Clerk, unless the applicant for license is such landowner, in which event the applicant shall so state. If a consent is required hereunder, it shall accompany the application to be filed with the Township Clerk.
- (2) Either begin or continue the importation or disturbance of any soil or fill from any land until an annual license fee as elsewhere herein provided has been paid to the Township and a license therefor has been issued and is in full force and effect.
- (3) Begin to operate and engage in said activities until the corners and exterior lines of the licensed premises have been staked and marked so that the licensed area shall be clearly designated and in order that no public highway or private property of another shall be endangered by the proposed business. The licensee shall have a licensed New Jersey land surveyor stake and mark said area. The Township Engineer shall examine said exterior lines and recommend the approval of the same to the Township Committee. Such stakes and markings shall be maintained at all times on the licensed premises by the licensee.
- (4) Prevent or attempt to prevent or hinder the Township Committee or any of its authorized employees or representatives from viewing, inspecting or examining the permitted premises at any reasonable time.
- (5) Permit any unattended child or children upon the permitted premises or do anything to permit or cause the permitted premises to be or continue as a source of danger to children or adults.
- (6) Construe his/her or its permit to cover any area or parcel of land other than the area, lot or parcel described in his, her or its license.
- (7) Disperse liquids, bury any old lumber, building materials, tanks, drums, debris, cut or dead trees, stumps, brush, tires or other forms of hazardous or solid waste on any premises for which a permit hereunder has been issued.
- (8) Commence operations before 7:00 a.m. or continue operations after 7:00 p.m. Operations shall be confined to Monday through Saturday.

B. No permit shall be granted to conduct a business hereunder within 300 feet of an existing home, unless the owner and adult occupants of said home are notified by letter delivered personally or via certified mail.

C. No permittee shall operate the permitted premises in such a manner that any natural stream of water shall be interfered with or have its course altered to the detriment of any other person or landowner. No permittee shall substantially alter, change or interfere with any natural watershed

or natural surface watercourse, or groundwater aquifer. No permittee shall detrimentally interfere with or affect the natural drainage of any land other than that being permitted hereunto, nor shall the permit cause serious erosion and/or sedimentation of any stream. Proper precautions shall be taken to avoid sedimentation of streams or watercourses. The permittee shall adhere to New Jersey Department of Environmental Protection (DEP) flood hazard rules and regulations, wetlands regulations, waterfront development and soil erosion and sediment control standards.

- D. No permittee shall permit at any permitted premises any vehicle intended to be used to import material to the permittee on any public highway or road, unless such material is covered and said vehicle proposed to be loaded has a tight body. Vehicles to be used for transport shall be well constructed so as to prevent spillage onto roadways.
- E. No permittee shall disturb any soil or earth by any means whatsoever below the surface of any street, road, highway or other thoroughfare or at any point nearer said street, road, highway or other thoroughfare than 100 feet.

§ 83A-16. Screening of operation near residential dwellings.

Where residential dwellings are located within 300 feet of the boundary line of the tract from which soil or earth is to be removed, a screening strip of trees or dense growth, or both, shall be provided to screen the soil operations from the view of such residential dwellings. This buffer strip shall have a minimum width of 15 feet and shall extend longitudinally along the boundary of the tract and said residential lands to screen the operation. The operator shall comply with the code of the Township of Elk with respect to noise levels (Chapter 74A) and hours of operation.

§ 83A-17. Road to be kept clear.

No person engaging in activities permitted under this ordinance shall allow or permit any dangerous condition to result from the transportation of soil or fill on any public road or highway. The public roads and highways in close proximity to the permitted area shall be kept clear of loose dirt. In the event any violation of this section exists, the Township shall be authorized to rectify the situation, and the cost of such work will be borne by the applicant. The same will apply to drift onto roads passing through or adjoining the site area. In no event shall said roads be closed, destroyed or made impassable in any way.

§ 83A-18. Manner of work.

An applicant, after having been issued a license under this Chapter, shall not remove from the site the top layer of arable soil to a depth of six inches, but shall set this soil aside for retention on the premises and shall respread it over the premises when the soil or earth has been removed, or sooner, at the direction of the Township Engineer, pursuant to levels and contour lines and grades as approved by the Township Committee. Said topsoil stripped from the work area shall be stockpiled and protected in accordance with Standards for Soil Erosion and Sediment Control in New Jersey at the work area and shall be used as needed for site restoration.

§ 83A-19. Slope and grade requirements.

- A. The deposition of soil or earth shall be conducted in such a manner that there shall be no sharp declivities, pits or depressions and in such a manner that the area shall be properly leveled off, cleaned of debris and graded to conform to the contour lines and grades as approved by the Township Committee.
- B. The minimum slope grading standards shall be not steeper than five feet horizontal to one foot vertical; provided, however, that the grade of slope shall not commence until the appropriate setback requirements have been met. The top of slope shall be a minimum of 200 feet from the adjoining property lines.

§ 83A-20. Duties of licensee; seeding and restoration.

- A. Prior to the commencement of deposition operations under any license issued pursuant to this Chapter, the overburden or topsoil, where found, shall be stripped to the depth of six inches and stockpiled on the premises.
- B. A licensee shall, within 60 days of the conclusion of the deposition operation, or within 60 days of having removed soil or earth to the planned grade as shown on the contour map filed in support of the application whichever shall first occur, regrade, seed and reforest said licensed premises as hereinafter provided. In the event the licensee has not completed its operation on the licensed premises, or removed earth to planned grade, within one year from the issuance of the original license for the premises in question, then, in that event, the licensee shall grade, topsoil, seed and reforest such portion or portions of the licensed area from which soil or earth has been modified but which no longer will be modified and which does not interfere with the balance of the licensed area. Said work shall be done within 60 days of the expiration date of the aforementioned original or renewed license.
- C. Said licensee shall respread the stockpiled overburden or topsoil over the deposition area, including slopes, to a minimum depth of four inches and shall prepare it so as to be capable of supporting a cover crop. If this soil is at a pH of 5.0 or lower, it shall be amended by spreading agricultural limestone over the restoration area at a rate of two tons per acre. This area shall be graded, raked and seeded with an approved cover crop. Said seeding shall be at the following minimum rates: 10 pounds per acre cover crop with 5-10-10 (N-P-K) fertilizer spread at 400 pounds per acre.
- D. The land shall be reforested in accordance with an approved procedure accepted by the Township Engineer and the Township Committee. The applicant's plan shall include a description of detailed soil stabilization measures and permanent revegetation which meet accepted practices and have been approved by the Gloucester County Soil Conservation District as part of a certified soil erosion and sediment control plan.
- E. Upon acceptance of the restoration of the site or portion of the site by the Township Engineer, the licensee shall furnish a maintenance guaranty to the Township Committee for approval; said guaranty to be reviewed by the Township Engineer as to adequacy of amount and by the Township Attorney as to form and content; provided that, in no event, shall such maintenance bond be less than \$2,500 per acre of the licensed premises. The maintenance guaranty shall be maintained in full force and effect for a period of two years from the date the restoration has been inspected and approved by the Township Engineer. The maintenance guaranty shall not be released until reforestation has been established to the satisfaction of the Township Committee and shall be extended in the event reforestation has not been established.

§ 83A-21. Violations and penalties.

Any person, firm or corporation violating any of the provisions of this Chapter shall be subject to a fine not exceeding \$5,000 per day and/or imprisonment for a term not exceeding 90 days, in the discretion of the Judge before whom such conviction shall be had. Each and every violation of and nonconformance with this Chapter, or each day that any provision of this Chapter shall have been violated, shall be construed as a separate and distinct violation thereof.

§ 83A-22. Permit suspension or revocation.

- A. Suspension or revocation. Any permit issued under this Chapter may be suspended or revoked by the Township Committee:

- (1) Where the applicant or permittee has violated or refused to comply with any provision of this Chapter.
- (2) Where the permittee conducts a deposition operation without having a special use permit covering the land upon which such operation is or has been conducted.
- (3) Where the permittee has failed to pay or caused to be paid any taxes upon the lands covered by his, her or its license.
- (4) Where the permit is in violation of any federal, state, county or municipal law or ordinance or health regulation as a result of any activity or operation under this Chapter.
- (5) Where any operation of the permittee under this Chapter endangers the person or property of adjoining landowners or other persons in the Township.
- (6) Where it is found that the applicant submitted false, incomplete or misleading information.

B. Procedure for suspension or revocation of license.

- (1) Whenever the Township Engineer and the Township Committee determine that there are reasonable grounds to believe that there has been a violation of any provisions of this Chapter, they shall give notice of such alleged violation to the person or persons responsible therefor as hereinafter provided. Such notice shall be in writing, include a statement of the reasons why it is being issued, allow up to 30 days for the performance of any act it requires, be served upon the owner or his agent, and contain an outline of remedial action which, if taken, shall effect compliance with the provisions of this Chapter. Such notice shall be deemed to be properly served upon such owner or agent if a copy thereof is served upon him personally, if a copy thereof is sent by certified mail to his last known address as shown on the application, if a copy thereof is posted in a conspicuous place in or about the licensed premises involved, or if he is serviced with such notice by any other method authorized or required under the laws of this state.
- (2) Any person affected by any notice which has been issued in connection with the enforcement of any provisions of this Chapter may request and shall be granted a hearing on the matter before the Township Committee, provided that such person shall file written notice of the request with the Township Clerk, setting forth a brief statement of the grounds therefor, within 10 days after service of notice upon him. Upon receipt of such written request, the Township Clerk shall set a time and place for such hearing and shall give the petitioner written notice thereof. After such hearing the Township Committee shall sustain, modify or withdraw the notice. If the Township Committee sustains or modifies such notice, it shall be deemed to be an order which, at the discretion of the Township Committee, may operate as a revocation of the license. Any notice served pursuant to this Chapter shall automatically become an order if a written request for a hearing is not filed with the Township Clerk within 10 days after such notice is served.

C. Emergency permit suspension or revocation procedure.

- (1) Whenever the Township Engineer and the Township Committee find that an emergency exists which requires immediate action to protect the public health or safety, they may, without notice or hearing, issue an order reciting the existence of such an emergency and requiring that such action be taken as they deem necessary to meet the emergency. Notwithstanding any other provisions of this Chapter, such order shall be effective immediately.

- (2) Where a permittee or owner requests in writing a hearing on an emergency suspension, such hearing shall be held within 72 hours of the receipt of the written request by the Township Committee. After such hearing, the Township Committee shall continue such order in effect, modify it or revoke it.

§ 83A-23. Additional rights of Township.

- A. In granting a permit, the Township Committee may require the applicant to install or cause to be installed adequate and suitable traffic warning signs and markers in the area where any access road enters any public road, at such places as the Township Engineer shall direct.
- B. The Township Committee expressly reserves the right to change, alter, modify, revoke or refuse to renew any license issued under this Chapter at any time and to regulate the hours of operation after written notice to the applicant of such intention, including the reasons for such action, and after an opportunity to be heard at a public hearing. Any action taken by the Township Committee pursuant to this subsection shall be governed by the standards and procedures set forth in § 83A-22 and §83A-23.
- C. The Township Committee may, whether an application for a license is granted or denied, deduct up to \$1,000 from the escrow moneys deposited with the Township Clerk for payment of any inspection expenses and services to which the Township has been put in having the maps or plans, application and any other submitted data inspected and checked by its Township Attorney, Township Engineer and other officials, or any of them. All such charges shall be and remain municipal funds for the use and benefit of the Township. The balance not so deducted shall, upon release, be returned to the applicant. This provision shall not limit use of escrow funds to pay for other professional services generated by submission of an application pursuant to this Chapter.
- D. The Township Committee may institute a civil action for injunction or other equitable relief if the applicant violates any provision of this Chapter or a condition of his, her or its license.
- E. The Township Committee shall have the right to set aside and invalidate any permit in violation of the provisions of this Chapter or nonconformance therewith, which license was procured through misrepresentation or falsification in applying for such license or the failure to file a contour map or report as required by this Chapter.

§ 83A-24. Variation from strict compliance.

No exceptions or variations from strict compliance are permitted for properties not under the jurisdiction of NJDEP SRP. Any person seeking a permit for AOC areas under the jurisdiction of NJDEP SRP may request a variation(s) from strict compliance with this Chapter upon written application therefor to the Township Committee. The request for verification may be approved by the Township Committee, after report thereon by the Township Engineer, upon a determination that:

- A. Any variation or modification of any requirement of this Chapter shall not in any material way alter the standards of the Chapter and shall not affect detrimentally the health, safety or welfare of persons on the premises or occupants or owners of adjacent premises or of the neighborhood wherein the subject premises are located, or the public generally.
- B. The owner, operator or occupant is without any practical or feasible means to comply with the strict provisions of this Chapter.
- C. The applicant can demonstrate to the satisfaction of the Township Engineer that there are appropriate existing controls, oversight and/or permitting by other governmental agencies that are consistent with the objectives of this Chapter and that are sufficiently protective of the health, safety and welfare of persons and property of the Township of Elk.

§ 83A-25. Nontransferability of permit.

The permit issued under this Chapter is not transferable, and the holder of the license shall be solely responsible for the provisions specified in this Chapter.

Section 2.

Severability.

Should any section, clause, sentence, phrase or provision of this Ordinance be declared unconstitutional or invalid by a Court of competent jurisdiction, such decision shall not affect the remaining portions of this Ordinance.

Section 3.

Repealer.

All prior Ordinances or parts of Ordinances inconsistent with this Ordinance be and the same are hereby repealed to the extent of such inconsistencies.

Section 4.

When effective.

This Ordinance shall take effect immediately upon final passage and publication in accordance with law.

NOTICE

The Ordinance published herein was introduced and passed upon first reading at a meeting of the Mayor and Committee of the Township of Elk, in the County of Gloucester and State of New Jersey, held on April 3, 2025. It will be further considered for final passage, after public hearing hereon, at a meeting of said Mayor and Committee to be held in the Township Municipal Building on May 1, 2025, at 7:00 P.M. During the week prior and up to and including the date of such meeting, copies of said Ordinance will be made available at the Clerk's office at the said Municipal Building, 680 Whig Lane, Monroeville, New Jersey, to the members of the general public who shall request the same.

DEBORA R. PINE, TOWNSHIP CLERK

RESOLUTION R-57-2025

RESOLUTION ACCEPTING THE RETIREMENT OF DEBORA R. PINE

WHEREAS, Debora R. Pine has submitted her letter of retirement from her positions of Municipal Clerk, Registrar of Vital Statistics, Dog Registrar, Personnel Officer, Alt. JIF Fund Commissioner, JIF Claims Coordinator, Wellness Coordinator, trash/recycle liaison, MEL Contact person, Public Agency Compliance Officer, Clean Communities coordinator, recycling coordinator and office manager; and

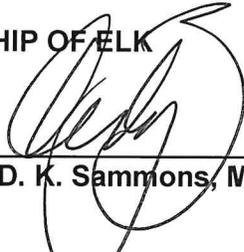

WHEREAS, Debora Pine submitted her letter of retirement to be effective Tuesday, July 1, 2025.

WHEREAS, it is the desire of the Township Committee to accept the retirement of Debora Pine, with sincere regrets; and

WHEREAS, the Township Committee would like to thank Debora Pine for her years of dedicated service to the community, residents and employees of Elk Township and wish her the very best of health and happiness in her retirement.

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Elk to accept the retirement of Debora Pine, effective July 1, 2025.

THIS RESOLUTION IS DULY ADOPTED at a Meeting of the Township Committee of the Township of Elk held on Thursday, April 3, 2025, at the Municipal Building, 680 Whig Lane, Aura, New Jersey.

CERTIFICATION

I hereby certify that the above resolution is a true copy of a resolution adopted by the Township Committee of the Township of Elk, County of Gloucester, State of New Jersey, at a meeting held by the same on April 3, 2025 in the Elk Township Municipal Building, 680 Whig Lane, Monroeville, New Jersey.

TIMOTHY J. PINE, DEPUTY CLERK

RESOLUTION R-58-2025

RESOLUTION OF THE MAYOR AND COMMITTEE OF THE TOWNSHIP OF ELK APPROVING FARMLAND PRESERVATION APPLICATIONS FOR BLOCK 68, LOT 10, BLOCK 31, LOTS 8, 14.01 AND 20, BLOCK 28, LOT 15.01 AND BLOCK 33, LOT 12.13

WHEREAS, the Township of Elk is committed to preserving, to the extent possible, farmland within the Township for the benefit of its residents of the Township of Elk, as well as the County of Gloucester and State of New Jersey; and

WHEREAS, the State Agriculture Development Committee (SADC) received applications to sell development easements on Block 68, Lot 10, Block 31, Lots 8, 14.01 and 20, Block 28, Lot 15.01 and Block 33, Lot 12.13; and

WHEREAS, the SADC administers the Farmland Preservation Program and is authorized to purchase development easements on farmland; and

WHEREAS, the Elk Township Committee supports the Farmland Preservation Applications submitted by Summit City Farms for the following properties:

- 1. Block 68, Lot 10, SADC ID# 08-0049-DE;
2. Block 31, Lot 8, 14.01 and 20, SADC ID# 08-0050-DE; and
3. Block 28, Lot 15.01 and Block 33, Lot 12.13, SADC ID# 08-0053-DE.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Committee of the Township of Elk, County of Gloucester and State of New Jersey that the Township Committee acknowledges and supports the farmland preservation and hereby grants approval for the application for farmland preservation of Block 68, Lot 10, Block 31, Lots 8, 14.01 and 20, Block 28, Lot 15.01 and Block 33, Lot 12.13 in the Township of Elk, County of Gloucester.

ADOPTED at a Regular Meeting of the Elk Township Committee held April 3, 2025.

ELK TOWNSHIP POLICE DEPARTMENT – JOHN D. HENNELLY

WHEREAS, this Resolution is adopted for the purpose of making an appointment to the position of Sergeant within the Elk Township Police Department; and

WHEREAS, Chief of Police, Lance Hitzelberger has recommended **John D. Hennelly** to fill the position of Sergeant, as he has the necessary qualifications; and

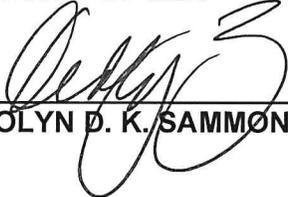

WHEREAS, the Township Committee of the Township of Elk feel it is appropriate to promote **John D. Hennelly** to the position of Sergeant within the Township of Elk Police Department; and

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Elk that **John D. Hennelly** be promoted to the position of Sergeant and hereafter be designated as Sergeant for the Elk Township Police Department; and

BE IT FURTHER RESOLVED that this appointment is effective April 5, 2025.

ADOPTED at a meeting of the Township Committee of the Township of Elk held on April 3, 2025.

RESOLUTION R-62-2025

RESOLUTION OF THE MAYOR AND COMMITTEE OF THE TOWNSHIP OF ELK
AWARDING CONTRACT TO LANDBERG CONSTRUCTION LLC FOR THE FY 2024 NJDCA LOCAL
RECREATIONAL IMPROVEMENT GRANT FOR THE SPORTS COURTS RECONSTRUCTION

WHEREAS, the Mayor and Committee of the Township of Elk advertised and solicited bids pursuant to N.J.S.A. 40A:11-4 for the FY 2024 NJDCA Local Recreational Improvement Grant for the Sports Courts Reconstruction; and

WHEREAS, bids were received and opened on March 26, 2025; and

WHEREAS, the project was bid as a Base Bid (Items 1-13); and

WHEREAS, four (4) bids were received by the Township Clerk for Base Bid (Items 1-13) as follows:

<u>Bidder</u>	<u>Base Bid Amount</u>
Landberg Construction LLC	\$90,472.30
Think Pavers Hardscaping	\$95,463.00
Command Co., Inc.	\$120,560.00
Shore Top Construction Corp.	\$124,830.00

WHEREAS, the Township Committee has reviewed the recommendations made by the Township's Engineer via correspondence dated March 31, 2025, (attached) on said bids; and

WHEREAS, Landberg Construction LLC submitted the lowest responsive Base Bid in the total sum of \$90,472.30; and

WHEREAS, the Township's Engineer has determined that the bids are in conformance with the Bid Specifications, and recommends the award of the Contract to Landberg Construction LLC; and

WHEREAS, the Township's Chief Financial Officer has certified that sufficient funds are available to award the Contract.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Committee of the Township of Elk that the Contract for the FY 2024 NJDCA Local Recreational Improvement Grant for the Sports Courts Reconstruction be and the same is hereby awarded to Landberg Construction LLC on its low Base Bid in the sum of \$90,472.30, subject to NJDOT approval and the provision of Local Aid.

BE IT FURTHER RESOLVED that the certified checks or bid bonds of the successful bidder and next lowest bidder, if any, are to be returned upon the receipt of fully executed Contract and other required documents by the lowest bidder, Landberg Construction LLC.

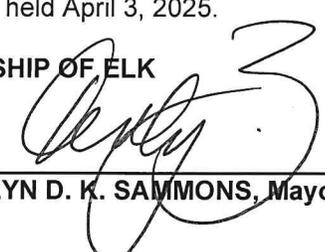

BE IT FURTHER RESOLVED that the Mayor and Clerk of the Township of Elk are hereby authorized and directed to execute the Contract for same.

ADOPTED at a Regular Meeting of the Elk Township Committee held April 3, 2025.
